GEOSTIX™ LETTER & CONSTRUCTION SET

With GeoStix™, children can play, learn and create designs from letters to numbers and so much more.

Fun

Skill development

Ease of use

Age: 3+ years

What our experts think:

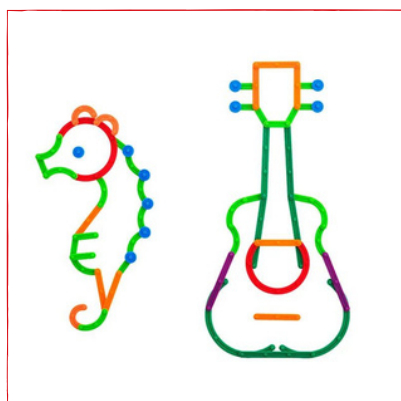

A bright construction set that encourages children to form different shapes and lines, ideal for developing hand-eye coordination and finger control needed for writing. The provided cards also reinforce children's letter recognition and literacy skills as they feature both lowercase and uppercase letters. The coloured sticks are easy for small hands to clip together and our testers liked how many different ways there were to play with it.

Some of the children enjoyed copying the different shapes on the cards while others enjoyed getting creative and making their own ideas. A bonus is the storage box it comes in which makes tidying up easy too.

Skills developed:

- Encourages hand-eye coordination and dexterity
- Develops letter recognition and language skills
- Promotes creativity

"Look! I've made a F."

Boy aged 3

"I've made a sabre tooth t-rex."

Boy aged 7
